Listen, my dear brothers and sisters: Has not God chosen those who are poor in the eyes of the world to be rich in faith and to inherit the kingdom he promised those who love him?

James 2:5

About three years ago, we started seriously praying over, considering, and planning for George to leave his engineering job to run Jesus Driven full-time. God has taken this ministry much further than we could have ever imagined in these last few years. The prayers, support, and love that we have received from each of you has been nothing short of amazing! Thank you! We so appreciate you!

We are so excited to share these huge ministry updates with you!

Amber has left her full-time job at Goodhue County to step into a part-time women's ministry and admin role with Jesus Driven. We are so excited for her to have more time to build relationships and share the gospel with our clients! She has been doing this to an extent for a long time, but now she will have much more time and flexibility to meet with and support the women that we serve. George is also very excited to have some help with the

admin side of things. We are so excited to see God work through this expansion!

We are also looking for a larger shop space. For those of you who don't know, our shop is currently about 780 sqft, no bathroom or running water, and no space to meet with clients. We have been there for over 2 years, and it has truly been a blessing to have our own space that isn't at our house! However, we really need a space to meet with our clients, a bathroom, and a small space to keep our clients children occupied while we meet or fix their car.

We believe that these two steps will greatly increase our ability as an organization to build relationships and share the gospel with our clients. It will also set the organization up well for continued growth.

We are still looking for volunteers! If you are interested in car repair or discipling someone, please let us know. We are mainly looking for women who are interested in discipleship since the majority of our clients are women. God uses unqualified people every day, so no experience necessary, just a heart for the lost.

Please keep praying! Not only for us as we go out and share God's word with people, but for our clients as well. They desperately need the love of Jesus in their lives!

Praises & Prayer Requests

- That Jesus would prepare the hearts of our clients to receive Him
- Wisdom when selecting a new shop space
- Amber's transition into her new role
- That God will provide volunteers
